- 27. The Examiner makes no statement concerning County of City Ordinances other than those abstracted. You must apprise yourself of any such regulations, zoning, or ordinances enacted by the County or City affecting your property, if you desire to do so.
- 28. You are further advised to check with the County or City Records concerning any possible special assessments on said real estate since special assessments can be a lien upon the real estate prior to their being recorded and could be a lien without showing in the Abstract and you must make this investigation personally, if you desire to do so.
- 29. The Examiner makes no statement regarding any actions or proceedings in the United States District Court unless same have been transcribed or filed in the Delaware County Court House and shown in the Abstract by the Delaware County Abstract Company, Inc., which would include challenges or objections to the interest of titleholders brought pursuant to eleven U.S.C. Sections 547 and 548 (Federal Bankruptcy Code).
- 30. The Examiner and Abstracter do not have access to pending Dissolutions of Marriage. They can make no certification or examination that there are cases that may or may not affect the Title.
- 31. No opinion is expressed as to forged or fraudulent contracts, deeds, or other instruments affecting the Title.
- 32. No opinion is expressed as to any state of facts which might be revealed by physical inspection or soil tests of the property, including but not limited to diseased trees, location of driveways, easements, fences, hedges, drainage ditches, and any encroachment or buildings which may have set the boundary lines of the property, other than specifically mentioned herein.
- 33. No opinion is expressed as to any flood plain regulations, encroachment limits, or flood plain zoning as established by the Iowa Natural Resources Council other than as specifically mentioned herein. The real estate as abstracted may be subject to National Flood Insurance. The current status of the District must be determined by reference to the records of the County, the City Clerk, or your insurance agent. Showing of the Zoning Classification and the plat of the current flood boundaries and floodway are omitted due to the manner in which these records are kept and the changes and variances granted by the County, the City Council, and the United States Department of Housing and Urban Development Federal Insurance Administration.

- 34. No opinion is given as to any security interest in fixtures attached to the real estate of which notice may not be given by a financing statement that has not been filed of record.
- 35. You should determine whether any solid waste, hazardous substances, pollutants, above or below ground storage tanks, drainage wells, water wells, landfill sites, or other environmentally regulated conditions exist on the property. Such conditions are not ordinarily shown in the Abstract, but they may result in injunctions, fines, required cleanup, or other remedial actions under federal, state, or local laws. These laws may impose liens against the property and personal liability against the Owner, even though the Owner did nothing to create the condition and acquired the property without knowing about it.
- 36. If there is a private sewage disposal system on the property, the Owner/Seller must comply with the Transfer Inspection Law regarding private sewage disposal systems.
- 37. Iowa Code Chapter 558A requires a person interested in transferring real property, or a broker or salesperson acting on behalf of the person, to deliver a written disclosure statement to the person interested in being transferred the real property; the disclosure statement must be delivered prior to either the transfer or making a written offer for the transfer of the real property, or accepting a written offer for the transfer of the real property; the disclosure statement is required to comply with Iowa Code Section 558A.4; you should have received a real estate disclosure statement consistent with Chapter 558A of the Iowa Code from the Seller, or, if not received, you should insist upon receiving the disclosure statement which complies with Chapter 558A of the Iowa Code.
