If an Event of Default has occurred, Lender may terminate the License without notice to or demand upon Grantor.

(c) Collection and Application of Rents. Subject to the License, Lender has the right, power and authority to collect any and all Rents. All lessees under the Leases are hereby irrevocably authorized and notified by Grantor to rely upon and to comply with (and are fully protected in so doing) any notice or demand by Lender for the payment to Lender of Rents, or for the performance of any of lessees' undertakings under the Leases, and lessees shall have no right or duty to inquire as to whether any Event of Default has actually occurred or is then existing hereunder. Subject to the License, Lender may notify any Person that the Leases have been assigned to Lender and that all Rents are to be paid directly to Lender, whether or not Lender has commenced or completed foreclosure of or taken possession of the Property. Lender, by its acceptance of this instrument does not assume any duty or obligation under the Leases.

Grantor authorizes Lender to file any UCC financing statements required by Lender, from time to time, to perfect Lender's security interest in the Personalty, including an "all assets" or other filing that may cover collateral in which Lender does not presently hold a security interest.

(b) **Addresses.** The address adjacent to Grantor's signature below, (a) if Grantor is an individual, is Grantor's principal residence; (b) if Grantor is other than an individual and has only one place of business, is Grantor's principal place of business; and (c) if Grantor is anything other than an individual and has more than one place of business, is Grantor's chief executive office. The address for Lender specified in this instrument for purposes of notices to Lender is its address as secured party under the Uniform Commercial Code as adopted in the State of IA (the "UCC").

(c) **Fixture Filing.** This instrument constitutes a financing statement filed as a fixture filing under the UCC, covering any Property which now is or later may become a fixture attached to the Land or any Improvement. For this purpose, the "debtor" is Grantor, the "secured party" is Lender and the collateral is or includes fixtures.

5. Secured Obligations.

(a) **Secured Obligations.** This instrument is for the purpose of securing the payment and performance of the following obligations (individually and collectively, the "Secured Obligations"):

- (i) all Obligations including: (A) the principal amount of the Note, accrued interest thereon, and all other indebtedness, liabilities and obligations under the Note; and (B) and all other indebtedness, liabilities and obligations of Borrower to Lender under the Loan Documents, whether now existing or hereafter arising, whether direct, indirect, related, unrelated, fixed, contingent, liquidated, unliquidated, joint, several, or joint and several;
- (ii) all obligations of Grantor under this instrument; all future advances and other obligations that Grantor may agree to pay or perform (whether as principal, surety or guarantor) for the benefit of Lender, when a writing evidences the parties' agreement that the advance or obligation be secured by this instrument;
- (iii) all modifications, amendments, extensions, and renewals, however evidenced, of any of the Secured Obligations; and
- (iv) any of the foregoing that arises after the filing of a petition by or against Grantor under an insolvency or bankruptcy proceeding.

(b) **Future Secured Obligations.** The Secured Obligations include future advances made by Lender for any purpose, and all other future Secured Obligations. Those future advances and other future Secured Obligations, together with interest thereon, are secured by this instrument to the same extent as if made or incurred on the date of this instrument, and have priority as to third Persons with or without actual notice from the time this instrument is filed for record as provided by Applicable Law. The total amount of indebtedness secured by this instrument may decrease or increase from time to time. Nothing in this instrument will constitute a commitment to make additional or future advances in any amount.

(c) **Variable Rate.** The Secured Obligations may be subject to terms which permit or provide that the interest rate, payment terms, or balance due be indexed, adjusted, renewed or renegotiated.

(d) **Maximum Amount.** The Secured Obligations shall not exceed an amount equal to two times the original principal amount of the Loan as stated above, plus (i) unpaid accrued interest on the Loan, (ii) any disbursements made for the payment of taxes, levies or insurance on the Property, with interest on those

disbursements, (iii) any increase in the principal balance as the result of negative amortization or deferred interest, (iv) any protective or other advances made by Lender, or (v) Grantor's liability to Lender under the terms and provisions of this instrument, relating to Environmental Claims.

(e) **Maturity Date.** The scheduled maturity date of the Note is July 1, 2055.

(f) **Unsecured Obligations.** Notwithstanding anything to the contrary in this instrument, the Secured Obligations do not include any indebtedness liabilities and obligations of Borrower or Grantor under the terms of a guaranty or other instrument or agreement which expressly states that it is not secured by this instrument.

6. **Warranty of Title.** Grantor represents and warrants that, other than the Permitted Encumbrances, Grantor lawfully possesses and holds fee simple title to all of the Land and Improvements; and that Grantor has the right, power and authority to mortgage, grant, convey and assign the Property. Grantor especially agrees and declares that the separate estate of each of them, whether vested, contingent or in expectancy, is hereby conveyed and shall be bound for the payment and performance of the Secured Obligations. The term "Permitted Encumbrances" means such prior encumbrances acceptable to the Lender in its sole discretion as reflected in the lender's policy of title insurance insuring this instrument in form and substance acceptable to Lender.

7. **Prohibited Transfers.** Grantor shall not make or permit any Prohibited Transfer. "Prohibited Transfer" means: (a) any sale, contract to sell, conveyance, encumbrance, pledge, mortgage, deed of trust, grant of a lien or a security interest, lease of the Property, or other transfer of all or any material part of the Property or any interest in it, including any transfer of mineral rights, water rights, whether voluntary, involuntary, by operation of law or otherwise; (b) the entry of any judgment against the Grantor; (c) if Grantor is a corporation, any transfer or transfers of shares of the voting power or the direct or indirect beneficial ownership of Grantor; (d) if Grantor is a partnership, withdrawal or removal of any general partner, dissolution of the partnership under any Applicable Laws, or any transfer or transfers of the partnership interests; (e) if Grantor is a limited liability company, withdrawal or removal of any managing member, termination of the limited liability company or any transfer or transfers of the voting power or the ownership or membership interest in the Grantor; or (f) if Grantor is a trust, withdrawal or removal of any trustee or revocation of the trust.

8. **Taxes, Assessments and other Impositions.**

(a) At Lender's option, Grantor shall pay a one-time charge for a real estate tax verification and/or reporting service used by Lender in connection with this Loan.

(b) Grantor shall pay prior to delinquency all taxes, levies, charges and assessments imposed by Applicable Law or any public or quasi-public authority or utility company which are (or if not paid, may become) a lien on all or part of the Property or any interest in it, and any and all intangible taxes and documentary stamp taxes determined at any time to be due on or as a result of the Secured Obligations, this instrument or any other Loan Documents, together with any and all interest and penalties thereon (individually and collectively, "Impositions").

(c) Notwithstanding the foregoing provisions of this section, Grantor may, at its expense, contest the validity or application of any Imposition by appropriate legal proceedings promptly initiated and conducted in good faith and with due diligence, provided that: (i) Lender is satisfied that neither the Property nor any part thereof or interest therein will be in danger of being sold, forfeited, or lost as a result of such contest; and (ii) Grantor shall have posted a bond or furnished such other security required from time to time by Lender.

9. **Agricultural Operations.** Grantor represents and warrants that the Grantor is or will be actively engaged in agricultural production on the Land, either in Grantor's own right or as a landlord, and intends to continue or require its tenant to continue agricultural production on the Land.

10. **Use of Property; Compliance with Law.** Grantor shall not seek, agree to or make a change in the use of the Property or its zoning classification, unless Lender has agreed in writing to the change. Grantor shall comply with all Applicable Laws applicable to the Property.

11. **Site Visits, Observation and Testing.** Lender and its agents and representatives may enter and visit the Property at any reasonable time for the purposes of observing it, performing appraisals, taking and removing soil or groundwater samples, and conducting tests on any part of it, and otherwise to determine Grantor's compliance with this instrument.

12. **Maintenance of Property.** Grantor shall: maintain and preserve all rights and privileges Grantor now has in the Property; make any repairs, renewals or replacements to keep the Property in good working condition and repair; operate the Property, whether improved pastures, orchards, groves, grazing, or crop lands, in a good and husband-like manner in accordance with accepted principles of sound agricultural practices in the area in which the Land is located; take all reasonable precautions to control wind and water erosion; fertilize improved pastures, if any, where necessary to maintain a good stand of desirable grasses; protect orchards, by reasonable precautions against loss or damage by fire including the maintenance of appropriate fire breaks; and neither remove nor permit the removal of any oil, gas, mineral, stone, rock, clay, or gravel owned by Grantor, or any buildings, top soil, or fertilizer, without the prior written consent of Lender.

13. **Water.**

(a) At such times as Lender may reasonably request, the Grantor shall deliver to Lender a certificate stating that the amount of water and quality of such water available and projected to be available (the "Water Report") sufficient to conduct the farming and other operations of Grantor and its tenants (if any), which such Water Report shall be certified by the Grantor and/or an authorized officer of any applicable water district or supplier of water.

(b) Grantor represents and warrants that the Water Rights afford the continuing, enforceable right to receive irrigation water on the Property from such sources, in such quantities and at such times and locations as has historically been available to the Property without interruption or substantially increased cost and in any event, based on current projections, sufficient to provide adequate water and/or drainage to continue the current and proposed agricultural operations on the Property.

(c) Grantor shall maintain the Water Rights during the term of the loan at a level and of a nature sufficient to provide the continuing, enforceable right to receive irrigation water on the Property from such sources, in such quantities and at such times and locations as has historically been available to the Property without interruption or substantially increased cost and in any event sufficient to provide adequate water and/or drainage to continue the current and proposed agricultural operations of the Property. All existing Water Rights benefiting or available to the Property shall be maintained in full force and effect for the benefit of the Property by Grantor and applied to beneficial use so as to maintain the validity and priority of such rights. Grantor shall fully comply with, and not permit a default to occur under any water licenses, permits or delivery contracts used to provide water to the Property and shall timely exercise all renewal or extension rights in such contracts.

(d) Grantor shall not modify, amend or terminate any Water Rights without the Lender's prior written consent. Grantor shall comply with the rules, regulations and ordinances of any water district, water agency or groundwater management agency in which the Property or any portion thereof is located and pay all related fees and assessments prior to delinquency.

(e) All irrigation wells and related facilities used to deliver irrigation water to any portion of the Property shall remain physically located within the boundaries of such Property or the subject of valid, enforceable easements appurtenant to the Property and encumbered hereby. If the use of any irrigation facilities or water serving the Property requires consent or the use of other property, Grantor shall maintain in effect all requisite easements or other legally enforceable and assignable rights to use such facilities and/or water to service the Property.

(f) Grantor shall notify the Lender if the irrigation water supply to any portion of the Property is interrupted or subject to interruption for any reason other than temporarily for routine maintenance or repairs in a manner that does not impair the operation of the Property.

14. **Grazing Permits.** Grantor shall renew all Grazing Permits upon or prior to their expiration date, execute any instrument deemed necessary by Lender to affect a collateral assignment or waiver of such renewals to Lender, and pay all fees and charges, and to perform all acts and things necessary to preserve and keep in good standing all of such Grazing Permits and all renewals thereof. Grantor shall take no action which would adversely affect any of such Grazing Permits or Grantor preference status thereunder, and that in the event of foreclosure of this instrument, Grantor will waive all claims for preference under any such Grazing Permits upon demand from the purchaser at foreclosure sale of the Land, or any successor to such purchaser. Grantor further agrees that the lands covered by any lease, permit or privilege which Grantor, with the consent of Lender, shall substitute for the Grazing Permits, shall be subject to the provisions of this instrument. Upon foreclosure and sale of the Land, title to the improvements held by Grantor on any federal or state lands covered by the Grazing Permits, together with Grantor right to be paid the reasonable value thereof, shall pass free of all encumbrances other than those of the United States to the purchaser at such sale, and Lender is hereby authorized to execute, at its option, on behalf of Grantor, a bill of sale for such improvements. If title in fee simple to any of the lands covered by the Grazing Permits (or to any other lands) shall hereafter be acquired by Grantor, it is understood and agreed that such lands shall, upon such acquisition, become subject to the lien of this instrument to the same extent as though lands had originally been included herein as part of the Land, and further, that all of the terms, covenants, conditions and stipulations of this instrument, applicable to the Property, shall extend and be applicable to any lands hereafter so acquired. Grantor shall execute any documents reasonably requested by Lender to perfect or document the pledge of the Grazing Permits to Lender.

15. **Patented and Trademarked Varieties.** Grantor shall not plant on the Land, or graft to any trees or vines on the Land, patented or trademarked varieties of trees or vines unless (a) Grantor owns the patent or trademark for such trees, vines or rootstock or a license to plant or graft such trees, vines or rootstock which is transferable to a successor owner of the Land, and (b) Grantor has, prior to such planting or grafting, provided to Lender written evidence of such ownership or transferable license.

16. **Property Insurance.**

(a) Upon request of the Lender, Grantor shall keep the Improvements, Fixtures and Equipment (or any portion thereof required by Lender) insured against loss by fire, hazards included within the term "extended coverage," and any other hazards including, but not limited to, earthquakes and floods in the amounts (including deductible levels) and for the periods that Lender requires by an insurance carrier acceptable to the Lender.

(b) If Grantor fails to maintain any of the coverages described above, Lender may obtain such insurance coverage, at Lender's option and Grantor's expense. Grantor acknowledges that the cost of the insurance coverage so obtained might significantly exceed the cost of insurance that Grantor could have obtained. Any amounts disbursed by Lender under this section shall become an additional Secured Obligation, and will bear interest at the Default Rate (defined in the Note) from the date of disbursement and shall be payable, with such interest, upon notice from Lender to Grantor requesting payment.

17. **Insurance Proceeds and Awards.**

(a) Lender may, at its option: (i) in its own name appear in or prosecute any action or proceeding to enforce any cause of action based on warranty, or for damage, injury or loss to all or part of the Property, and Lender may make any compromise or settlement of the action or proceeding; (ii) participate in any action or proceeding relating to any Award; and (iii) join Grantor in adjusting any Insurance Claim.

(b) All Insurance Proceeds and Awards which Grantor may receive or be entitled to must be paid to Lender. Lender may apply those proceeds first toward reimbursement of all of Lender's Costs and Expenses, incurred in connection with such recovery. The balance shall, at Lender's option, be applied to pay or prepay some or all of the Secured Obligations in such order as determined by Lender, in Lender's sole discretion. GRANTOR HEREBY SPECIFICALLY, UNCONDITIONALLY AND IRREVOCABLY WAIVES ALL RIGHTS OF A PROPERTY OWNER GRANTED UNDER APPLICABLE LAW PROVIDING FOR ALLOCATION OF AWARDS BETWEEN A PROPERTY OWNER AND A LIENHOLDER.

(c) In the event of a total taking, destruction, or loss in value of the Property, the Insurance Proceeds or Awards received as a result thereof shall be applied to the Loan, whether or not then due, with the remainder of the Loan and all other Secured Obligations becoming due and payable upon demand by Lender.

(d) If the Property is damaged, and, in Lender's sole judgement, the restoration or repair of the Property is economically feasible and will not result in a lessening of Lender's relative security for the Secured Obligations, Grantor may request that Lender permit all Insurance Proceeds and Awards received by Lender on the basis of such damage ("Restoration Funds") to be applied to the cost of restoration or repair of the Property. Lender shall have the right to hold the Restoration Funds until Lender has had a reasonable opportunity to inspect such Property to ensure the restoration and repair work (the "Work") has been completed to Lender's satisfaction. Lender may make the Restoration Funds (or so much thereof required to complete the Work) available to Grantor in a single disbursement or in a series of progress payments as the Work is completed. If the projected cost of the Work is greater than the Restoration Funds available, Grantor must demonstrate to Lender's satisfaction that Grantor is able to pay the excess amount, and, at Lender's option, deposit a sum equal to the excess amount with Lender for payment of the Work prior to any Restoration Funds being made available to Grantor.

18. Protection of Lender's Interest in the Property and Rights Under this instrument. If (a) Grantor fails to perform the covenants and agreements contained in this instrument, (b) there is a legal proceeding that might significantly affect Lender's interest in the Property and/or rights under this instrument (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture, for enforcement of a lien which may attain priority over this instrument or to enforce laws or regulations), or (c) Grantor has abandoned the Property, then Lender may do and pay for whatever is reasonable or appropriate to protect Lender's interest in the Property and rights under this instrument, including protecting and/or assessing the value of the Property, and securing and/or repairing the Property. Lender's actions can include, but are not limited to: (i) paying any sums secured by a lien which has priority over this instrument; (ii) appearing in court; (iii) paying reasonable attorneys' fees to protect its interest in the Property and/or rights under this instrument, including its secured position in a bankruptcy proceeding, (iv) performing any farming operations related to the planting, growing, maintenance, and harvesting of crops located on the Property, and (v) performing any ranching operations related to any animals located on the Property. Securing the Property includes, but is not limited to, entering the Property to make repairs, change locks, replace or board up doors and windows, drain water from pipes, eliminate building or other code violations or dangerous conditions, and have utilities turned on or off. Although Lender may take action under this section, Lender does not have to do so and is not under any duty or obligation to do so. It is agreed that Lender incurs no liability for not taking any or all actions authorized under this section. Lender may perform these or any other actions it deems necessary in Lender's sole discretion to preserve the value of the Property, and/or assign to others the right to do same on behalf of Lender. Lender may make advances under this instrument or other instrument providing security for the Note, to protect Lender's interest in this instrument or other instrument providing security for the Note from loss of value or damage. Any money so advanced (including associated Costs and Expenses) plus interest at the Default Rate indicated in the Note shall become an obligation due and owing under the terms of the Note immediately upon the date advanced by Lender and is an obligation of the Grantor secured by this instrument or other instrument providing security for the Note.

19. Payments Due Under This Instrument. Grantor shall pay all obligations to pay money arising under this instrument upon demand by Lender. Each such obligation shall bear interest from the date the obligation arises at the Default Rate.

20. Application of Payments or Proceeds. Unless otherwise required by Applicable Law, payments under the Note or proceeds of the Property (including any Insurance Proceeds or Awards) may be applied to collection expenses and protective advances, any Late Fee, Prepayment Premiums, interest, principal, and other amounts due to Lender in such order as determined by Lender in its sole discretion.

21. Conforming Changes. Grantor will cooperate, adjust, initial, re-execute and redeliver any of the Loan Documents, including, but not limited to any one or more promissory note(s), deed(s) of trust, real estate mortgage(s), security agreements, deeds, affidavits and closing statements, if deemed necessary or desirable in the

sole discretion of Lender in order to consummate or complete the Loan Documents or other documents to correct any errors in the documents, or to perfect Lender's interest in the Property.

22. Events of Default and Remedies.

(a) **Events of Default.** The following each shall be an event of default under this instrument (an "Event of Default"):

- (i) an "Event of Default" as that term is defined in the Note or the other Loan Documents;
- (ii) a Prohibited Transfer;
- (iii) any other default beyond applicable notice and grace periods in the payment or performance of Grantor's obligations under this instrument; or
- (iv) if Grantor is in default beyond applicable notice and grace periods under any other mortgage, deed of trust, deed to secure debt or other security agreement covering any part of the Property, whether it be superior or junior in lien to this instrument'

(b) **Remedies.** At any time after an Event of Default, Lender may invoke any and all of the rights and remedies described in this instrument or the Note or as permitted by Applicable Law (all of such rights and remedies are cumulative, and the exercise of any one or more of them does not constitute an election of remedies), including without limitation:

(i) **Acceleration.** Lender may declare any or all of the Secured Obligations to be due and payable immediately.

(ii) **Receiver.** Lender may, to the extent permitted by Applicable Law, make an ex parte application to any court of competent jurisdiction, and obtain appointment of, a receiver, trustee, liquidator or conservator of the Property, without notice, without giving bond, and without regard for the adequacy of the security for the Note and without regard for the solvency of Grantor, any Guarantor, or of any Person liable for the payment of the Note. GRANTOR HEREBY WAIVES NOTICE OF THE APPLICATION FOR, AND CONSENTS TO THE APPOINTMENT OF A RECEIVER, TRUSTEE, LIQUIDATOR OR CONSERVATOR OF THE PROPERTY AND GRANTOR AGREES TO NOT OPPOSE SUCH APPOINTMENT.

(iii) **Entry.** To the extent permitted by Applicable Law, Lender, in person, by agent or by court-appointed receiver, may enter, take possession of, manage and operate all or any part of the Property, and may also do any and all other things in connection with those actions that Lender may consider necessary and appropriate to protect the security of this instrument. Such other things may include: taking and possessing all of Grantor's or the then owner's books and records; entering into, enforcing, modifying, or canceling leases on such terms and conditions as Lender may consider proper; obtaining and evicting tenants; fixing or modifying rents; collecting and receiving any payment of money owing to Grantor; completing any unfinished construction; and/or contracting for and making repairs and alterations. If Lender so requests, Grantor will assemble all of the Property that has been removed from the Land and make all of it available to Lender at the site of the Land. GRANTOR HEREBY IRREVOCABLY CONSTITUTES AND APPOINTS LENDER AS GRANTOR'S ATTORNEY-IN-FACT TO PERFORM SUCH ACTS AND EXECUTE SUCH DOCUMENTS AS LENDER CONSIDERS APPROPRIATE IN CONNECTION WITH TAKING THESE MEASURES, INCLUDING ENDORSEMENT OF GRANTOR'S NAME ON ANY INSTRUMENTS. Regardless of any provision of this instrument or the other Loan Documents, Lender shall not be considered to have accepted any property other than cash or immediately available funds in satisfaction of any obligation of Grantor to Lender, unless Lender has given express written notice of its election of that remedy in accordance with the UCC.

(iv) **Uniform Commercial Code Remedies.** Lender may exercise any or all of the remedies granted to a secured party under the UCC. To the extent that Applicable Law imposes the duty on Lender

to exercise remedies in a commercially reasonable manner, Grantor acknowledges and agrees that it is not commercially unreasonable for Lender to: (A) fail to incur expenses reasonably deemed significant by Lender to prepare the Personalty for disposition or to fail to complete raw material or work in process into finished goods or other finished products for disposition; (B) fail to exercise collection remedies against account debtors or other Persons obligated on the Personalty (directly or through the use of collection specialists), or to fail to remove liens, encumbrances or adverse claims against the Personalty; (C) advertise dispositions of the Personalty through publications or media of general circulation, whether or not the Personalty is of a specialized nature; (D) contact Persons for expressions of interest in acquiring all or any portion of the Personalty; (E) hire professional auctioneers to assist in the disposition of the Personalty, whether or not the Personalty is of a specialized nature; (F) dispose of the Personalty by utilizing Internet sites that provide for or are reasonably capable of the auction of assets of the types included in the Personalty; (G) dispose of the Personalty in wholesale rather than retail markets; (viii) disclaim disposition warranties; (H) purchase insurance or credit enhancements to insure Lender against risks of loss, collection or disposition of the Personalty or to provide to Lender a guaranteed return from the collection or disposition of the Personalty; or (I) sell any Personalty jointly with any of the Property or to sell any Personalty in a sale separate from a sale of any of the Property. Grantor acknowledges that the purpose of this section is to provide a non-exhaustive indication of what actions or omissions by Lender would fulfill Lender's duties under the UCC in Lender's exercise of remedies against the Personalty, and that other actions or omissions by Lender shall not be deemed to fail to fulfill such duties solely on account of not being expressly included or indicated in this section.

(v) Power of Sale. Lender may cause some or all of the Property, including any Personalty, to be sold or otherwise disposed of in any combination and in any manner permitted by the Applicable Law in the state in which the Property is located.

(vi) Judicial Action. Lender may bring an action in any court of competent jurisdiction to foreclose this instrument in the manner provided under Applicable Law for the foreclosure of mortgages on real property or to obtain specific enforcement of any of the covenants or agreements of this instrument.

(vii) Additional Rights. In addition to the rights and powers given to Lender under this instrument, Lender shall have all such other rights both in law and equity for collection of the Loan.

(c) Cure: Protection of Security. Lender may cure any breach or default of Grantor, and if Lender chooses to do so in connection with any such cure, Lender may also enter the Property and/or do any and all other things which it considers necessary or appropriate to protect the security of this instrument. Such other things may include: (i) appearing in and/or defending any action or proceeding which purports to affect the security of, or the rights or powers of Lender under, this instrument; (ii) paying, purchasing, contesting or compromising any encumbrance, charge, lien or claim of lien which in Lender's judgment is or may be senior in priority to this instrument, such judgment of Lender to be conclusive as among the parties to this instrument; (iii) obtaining insurance and/or paying any premiums or charges for insurance required to be carried under this instrument; (iv) otherwise caring for and protecting any and all of the Property; and/or (v) employing counsel, accountants, contractors and other appropriate Persons to assist Lender. Lender may take any of the actions permitted under this Article either with or without giving notice to any Person. Notwithstanding the foregoing, in no event will Lender have any obligation to take any of the actions set forth in this section.

(d) Single or Multiple Foreclosure Sales. If the Property consists of more than one lot, parcel or item of property, in connection with any sale of the Property described in or permitted under this section, Lender may: (A) designate the order in which the lots, parcels and/or items shall be sold or disposed of or offered for sale or disposition; and (B) elect to dispose of the lots, parcels and/or items through a single consolidated sale or disposition to be held or made in connection with judicial proceedings, or by virtue of a judgment and decree of foreclosure and sale; or through two or more such sales or dispositions; or in any other manner Lender may deem to be in its best interests (any such sale or disposition, a "Foreclosure Sale"). If it chooses to have more than one Foreclosure Sale, Lender at its option may cause the Foreclosure Sales to be held simultaneously or successively, on the same day, or on such different days and at such different times and in such order as it may deem to be in its best interests. No

Foreclosure Sale will terminate or affect the liens of this instrument on any part of the Property which has not been sold, until all of the Secured Obligations have been paid in full.

(e) No Mortgagee in Possession. Neither the enforcement of any rights or remedies of Lender under this instrument or the other Loan Documents, at law or in equity shall cause Lender to be deemed or construed to be a mortgagee in possession of the Property, to obligate Lender to lease the Property or attempt to do so, or to take any action, incur any expense, or perform or discharge any obligation, duty or liability whatsoever under any of the Leases or otherwise.

(f) Waiver of Marshalling. Grantor waives all rights, legal and equitable, it may now or hereafter have to require marshalling of assets or to require upon foreclosure sales of assets in a particular order. Each successor and assign of Grantor, including any holder of a lien subordinate to this instrument, by acceptance of its interest or lien agrees that it shall be bound by the above waiver, as if it had given the waiver itself.

(g) Waiver of Certain Other Laws. To the extent permitted by Applicable Law, Grantor shall not at any time insist upon, plead, claim or take the benefit or advantage of any Applicable Law providing for appraisal, valuation, stay, extension, equity or redemption, any statutory or common law right of redemption, and all other exemptions, and Grantor, for Grantor, and its representatives, successors and assigns, and for any and all Persons ever claiming any interest in the Property, to the extent permitted by Applicable Law, hereby waives and releases all rights of redemption (including, without limitation, any common law or statutory right of redemption), and all other exceptions, as well as valuation, appraisal, stay of execution, or notice of election to mature or declare due the whole of the Secured Obligations in the event of foreclosure of the lien created by this instrument.

23. Compensation and Reimbursement of Costs and Expenses. Grantor shall pay (a) for any services rendered in connection with this instrument; (b) all of Lender's costs and expenses incurred in rendering any such services; (c) all costs, expenses and other advances incurred or made by Lender in connection with one or more Foreclosure Sales or other efforts to enforce the terms of this instrument or protect the Property, whether any lawsuit is filed or not, including any bankruptcy or other voluntary or involuntary proceeding, in or out of court, or in defending any action or proceeding arising under or relating to this instrument; and all other Costs and Expenses.

24. Grantor Not Released; Forbearance by Lender Not a Waiver. Extension of the time for payment or modification of amortization of the obligations secured by this instrument granted by Lender to Grantor or any Person that has taken title to the Property (a "Successor in Interest of Grantor"), whether or not that party has assumed Grantor's obligations under the Note and/or this instrument, Successor in Interest of Grantor shall not operate to release the liability of Grantor or any Successors in Interest of Grantor. Lender shall not be required to commence proceedings against any Successor in Interest of Grantor or to refuse to extend time for payment or otherwise modify amortization of the sums secured by this instrument by reason of any demand made by the original Grantor or any Successors in Interest of Grantor. Any forbearance by Lender in exercising any right or remedy including, without limitation, Lender's acceptance of payments from third Persons, entities or Successors in Interest of Grantor or in amounts less than the amount then due, shall not be a waiver of or preclude the exercise of any right or remedy.

25. Obligations of Persons Under this Instrument.

(a) If Grantor is comprised of more than one Person, each such Person is jointly and severally obligated under this instrument. This means that Lender may enforce its rights under this instrument against each Person constituting Grantor individually or against all of those Persons together. EACH GRANTOR EXPRESSLY WAIVES ANY REQUIREMENT THAT LENDER EXHAUST ANY RIGHT, POWER OR REMEDY AND PROCEED AGAINST ANY OTHER GRANTOR UNDER THIS INSTRUMENT OR ANY OTHER LOAN DOCUMENT, OR AGAINST ANY OTHER PERSON UNDER ANY GUARANTY OF, OR SECURITY FOR, ANY OF THE SECURED OBLIGATIONS.

(b) Any Grantor who is a married Person signs this instrument on his or her own behalf and on behalf of Grantor's marital community, if any and agrees that recourse may be had against community assets, if any, and against Grantor's separate property for the satisfaction of all Secured Obligations.

If any notice required by this instrument is also required under Applicable Law, the Applicable Law requirement will satisfy the corresponding requirement under this instrument.

28. **Governing Law.** This instrument shall be governed, construed, applied and enforced in accordance with the laws of the State of Iowa, without regard or reference to its conflict of laws principles, provided, however that if any Property comprising real property is located in a state other than Iowa, the perfection, priority and procedures for enforcement of liens on such real property will be governed by the Applicable Laws of the state where that real property is located.

29. **Severability.** All rights and obligations contained in this instrument are subject to any requirements and limitations of Applicable Law. Applicable Law might explicitly or implicitly allow the parties to agree by contract or it might be silent, but such silence shall not be construed as a prohibition against agreement by contract. In the event that any provision or clause of this instrument or the Note conflicts with Applicable Law, such conflict shall not affect other provisions of this instrument or the Note which can be given effect without the conflicting provision.

30. **Merger.** No merger shall occur as a result of Lender's acquiring any other estate in or any other lien on the Property.

31. **Waiver of Dower, Homestead, and Distributive Share.** If Grantor is an individual, Grantor relinquishes all right of dower, if any, and waives all right of homestead exemption and distributive share in and to the Property. Grantor waives any right of exemption as to the Property.

Grantor shall cooperate fully with Lender with respect to any such investigation by Lender.

(c) Environmental Reports. If Lender has received information indicating a reasonable possibility of the presence of Hazardous Substances on the Land in violation of Environmental Laws, Grantor shall provide at its sole cost and expense within 20 days after written request by Lender, a report from a qualified engineering firm or other qualified consultant acceptable to Lender with respect to an investigation and audit of the Land as deemed necessary by the consultant to enable the consultant to report that there is no apparent or likely Hazardous Substances on the Land; and Grantor shall, if deemed reasonably necessary to further investigate suspected or likely contamination, provide Lender with supplemental reports by acceptable qualified consultants of the analysis which may include surface and subsurface sampling and analysis of soil, sediment, surface water and/or groundwater from the Land, showing no Hazardous Substances (any such audit, and any supplemental reports, an "Environmental Report"). If Grantor does not comply with the requirements of this Section within such 20-day period, or such additional time as Lender shall agree to in writing, or if Lender is not reasonably satisfied with the results of any of the conclusions in the Environmental Report, then Lender may perform or cause to be performed such additional investigations (including surface and subsurface testing of soil, groundwater, surface water and sediment) as Lender
