**REAL ESTATE TRANSFER - GROUNDWATER HAZARD STATEMENT**  
TO BE COMPLETED IN FULL BY TRANSFEROR

If the transaction is exempt from filing a declaration of value pursuant to Iowa Code 428A.1(2), **STOP HERE**. Pursuant to Iowa Code section 558.69(1), when no declaration of value is submitted during a transaction, you are not required to submit a groundwater hazard statement or include the statutory language in Iowa Code section 558.69(8A). Please consult your realtor or legal counsel for further advice, including on whether a declaration of value is required. The Department provides this information for statutory reference only.

Instructions for this document can be found at: <https://www.iowadnr.gov/media/5465>.

Attachment 1, if required, can be found at: <https://www.iowadnr.gov/media/5466>.

Number and Street or RR	City, Town or PO	State	Zip

**Legal Description of Property: (Attach if necessary)**

Lot Ten (10) of Turtle Creek Heights Addition to Delaware County, Iowa, according to plat recorded in Book 2 Plats, Page 190, also all lake frontage in regard to said Lot Ten (10) running to the middle of Delhi Lake abutting the West line of said Lot Ten (10) and lying between the extension of the North line of said Lot Ten (10) and the extension of the South line of said Lot Ten (10), said extensions being more specifically described as follows: The extension of the South line of said Lot Ten (10) is a line beginning at the Southwest corner of said Lot Ten (10), thence Westerly along the extension of the South line of said Lot Ten (10) to the shoreline, thence continuing in a Northwesterly direction to a point in the line forming the middle of the Maquoketa River, also known as Delhi Lake, wherein the line from the shoreline to the point where it intersects the middle of the Maquoketa River forms a 90° angle with the line forming the middle of the Maquoketa River; the extension of the North line of said Lot Ten (10) is a line beginning at the Northwest corner of said Lot Ten (10), thence Westerly along the extension of the North line of said Lot Ten (10) to the shoreline, thence continuing in a Northwesterly direction to a point in the line forming the middle of the Maquoketa River, also known as Delhi Lake, wherein the line from the shoreline to the point where it intersects the middle of the Maquoketa River forms a 90° angle with the line forming the middle of the Maquoketa River

**1. Wells (check one)**

- No Condition - There are no known wells situated on this property.
- Condition Present - There is a well or wells situated on this property. The type(s), location(s) and legal status are stated below or set forth on an attached separate sheet, as necessary.

**2. Solid Waste Disposal (check one)**

- No Condition - There is no known solid waste disposal site on this property.
- Condition Present - There is a solid waste disposal site on this property and information related thereto is provided in Attachment #1, attached to this document.

**3. Hazardous Wastes (check one)**

- No Condition - There is no known hazardous waste on this property.
- Condition Present - There is hazardous waste on this property and information related thereto is provided in Attachment #1, attached to this document.

**4. Underground Storage Tanks (check one)**

- No Condition - There are no known underground storage tanks on this property. (Note exclusions such as small farm and residential motor fuel tanks, most heating oil tanks, cisterns and septic tanks, in instructions.)
- Condition Present - There is an underground storage tank on this property. The type(s), size(s) and any known substance(s) contained are listed below or on an attached separate sheet, as necessary.

**5. Private Burial Site (check one)**

- No Condition - There are no known private burial sites on this property.
- Condition Present - There is a private burial site on this property. The location(s) of the site(s) and known identifying information of the decedent(s) is stated below or on an attached separate sheet, as necessary.

**6. Private Sewage Disposal System (check one)**

- No Condition - All buildings on this property are served by a public or semi-public sewage disposal system.
- No Condition - This transaction does not involve the transfer of any building which has or is required by law to have a sewage disposal system.
- Condition Present - There is a building served by private sewage disposal system on this property or a building without any lawful sewage disposal system. A certified inspector's report is attached which documents the condition of the private sewage disposal system and whether any modifications are required to conform to standards adopted by the Department of Natural Resources. A certified inspection report must be accompanied by this form when recording.
- Condition Present - There is a building served by private sewage disposal system on this property. Weather or other temporary physical conditions prevent the certified inspection of the private sewage disposal system from being conducted. The buyer has executed a binding acknowledgment with the county board of health to conduct a certified inspection of the private sewage disposal system at the earliest practicable time and to be responsible for any required modifications to the private sewage disposal system as identified by the certified inspection. A copy of the binding acknowledgment is attached to this form.
- Condition Present - There is a building served by private sewage disposal system on this property. The system is failing to ensure effective wastewater treatment or is otherwise improperly functioning, and the buyer has executed a binding acknowledgment with the county board of health to install a new private sewage disposal system on this property within an agreed upon time period. A copy of the binding acknowledgment is provided with this form.
- Condition Present - There is a building served by private sewage disposal system on this property. The building to which the sewage disposal system is connected will be demolished without being occupied. The buyer has executed a binding acknowledgment with the county board of health to demolish the building within an agreed upon time period. A copy of the binding acknowledgment is provided with this form. [Exemption #7]
- Condition Present - There is a building served by private sewage disposal system on this property. This property is exempt from the private sewage disposal inspection requirements pursuant to the following Exemption [Note: for

exemption #7 use prior check box]: \_\_\_\_\_

- Condition Present - There is a building served by private sewage disposal system on this property. The private sewage disposal system has been installed within the past two years pursuant to permit number:

\_\_\_\_\_

Review the following two directions carefully:

- A. If you selected a box stating "No Condition" for every numbered section above, ~~STOP HERE~~. Do not submit this form. Instead, pursuant to Iowa Code section 558.69(8A), you must include the following language on the first page of the recorded deed, instrument, or other writing:

"There is no known private burial site, well, solid waste disposal site, underground storage tank, hazardous waste, or private sewage disposal system on the property as described in Iowa Code section 558.69, and therefore the transaction is exempt from the requirement to submit a groundwater hazard statement."

Please consult your realtor or legal counsel for further advice on this exemption. By law, the owner of the property is responsible for the accuracy of this statement, and the Department provides this information for statutory reference only.

- B. If you checked any box stating "Condition Present" for any of the numbered sections above, continue below. You must complete this form, including providing all required information, and you must submit this form to the county recorder's office with declaration of value.

Information required by statements checked above should be provided here or on separate sheets attached hereto:

Narrative Report

TOT Inspection Report Overall Narrative Comments: **Everything was good order at the time of inspection. This septic system is designed for a weekend cabin. At the time of inspection we put a riser on the dbx. Keep tank pumped every three to four years depending on usage. Don't plant or build in the area of the lateral field. This inspection in no way makes Harter Custom pumping responsible for the continued operation of this septic system.**
