The principal of the Bonds of Series B shall be payable at the principal office of the Trustee in the Borough of Manhattan, The City and State of New York; the interest on the Bonds of Series B shall be payable at the office or agency of the Company in the Borough of Manhattan, The City and State of New York; both principal of and interest on the Bonds of Series B shall be payable in any coin or currency of the United States of America which at the time of payment shall be legal tender for public and private debts.

SECTION 2. The holder of any coupon Bond of Series B may have the ownership thereof registered on the books for the registration and transfer of Bonds kept by the Company at its office or agency in the Borough of Manhattan, The City and State of New York, mentioned in Section 8 of Article I of the original Indenture, and such registration noted on the Bond.

Whenever any coupon Bond or Bonds of Series B with all unmatured coupons thereunto belonging shall be surrendered at said office or agency of the Company for exchange for a registered Bond of Series B without coupons, the Company shall issue and the Trustee shall authenticate and in exchange for such coupon Bond or Bonds of Series B, shall deliver a registered Bond or Bonds of Series B of the same maturity for the like aggregate principal amount.

Whenever any registered Bond of Series B without coupons shall be surrendered at said office or agency of the Company for exchange for coupon Bonds of Series B, the Company shall issue and the Trustee shall authenticate and in exchange for such registered Bond shall deliver a coupon Bond or Bonds of Series B of the same maturity for the like aggregate principal amount with interest coupons maturing on and after the next ensuing interest payment date and bearing the serial numbers endorsed on the Bonds surrendered.

Upon the issuance of any registered Bond of Series B, there shall, if required by the rules of the New York Stock Exchange or if so determined by the officers of the Company executing such Bond, be reserved unissued a coupon Bond or Bonds of the same Series and maturity, of a like aggregate principal amount, and the serial numbers of the coupon Bond or Bonds so reserved unissued shall be endorsed on such registered Bond, in such appropriate manner as may be necessary or advisable to comply with the rules of the New York Stock Exchange or as may be determined by such officers.

The said books for registration and transfer of Bonds of Series B shall be open at all reasonable times for inspection by the Trustee or by the holders of at least 1% in principal amount of the Bonds of Series B outstanding.

SECTION 3. The definitive Bonds of Series B may be issued in the first instance in the form of engraved Bonds or Bonds printed on steel engraved borders; the Company will cause engraved Bonds to be prepared with all convenient speed at any time upon and after demand of any holder of Bonds of Series B printed on steel engraved borders, if such engraved Bonds are not then available; such engraved Bonds of Series B to be in such authorized denominations, and in coupon or registered form or partly in one and partly in the other of such forms, as may be specified in such demand; and after preparation of engraved Bonds of Series B as aforesaid and upon surrender for exchange of any such Bond printed on steel engraved border, the Company shall execute and the Trustee shall authenticate and deliver in exchange

therefor an engraved Bond or Bonds of the same series and maturity and for the same aggregate principal amount as the Bond so surrendered, all without charge to the holder. Any such Bond printed on steel engraved border so surrendered for exchange shall be cancelled by the Trustee and delivered to the Company upon its request.

ARTICLE III.

Redemption of Bonds of Series B.

SECTION 1. The Bonds of Series B may, at the option of the Company, be redeemed at any time and from time to time, in whole or in part (but if in part, then only in the inverse order of the respective maturities of Bonds of Series B and only if all Bonds of the same maturity shall be redeemed at the same time), at redemption prices which shall constitute percentages of the principal amounts of the Bonds being redeemed, which percentages shall be computed on the basis of the number of half-yearly periods (including a fraction thereof as a full six months period) to elapse from the particular redemption date to the respective maturity dates of such Bonds, and shall be determined in accordance with the following table:

Years to Maturity	Redemption Price
7	103½
6½	103¼
6	103
5½	102¾
5	102½
4½	102¼
4	102
3½	101¾
3	101½
2½	101¼
2	101
1½	100¾
1	100½
½	100¼

The Company agrees to pay accrued interest on all Bonds of Series B called for redemption to the date specified as the redemption date.

SECTION 2. If the Company shall elect to exercise such right of redemption, it shall give notice thereof in accordance with this Section. If all Bonds of Series B outstanding shall be registered Bonds without coupons or coupon Bonds registered as to principal, notice of redemption shall be sufficiently given if mailed, postage prepaid, at least 40 days prior to the date on which such redemption is to be made, to all registered owners of Bonds of Series B to be redeemed, at their addresses as the same shall appear on the Bond registry of the Company; otherwise notice of redemption shall be given by publication thereof once in each of any 4 successive calendar weeks prior to the date on which such redemption is to be made, in at least one daily newspaper of general circulation regularly published in the English language in the City of Chicago, Illinois and in a like newspaper regularly published in the Borough of Manhattan, The City of New York (in each instance upon any day of the week and in any such newspaper, but the publication in the first calendar week to be made not less than 40 and not more than 80 days prior to such redemption date). If notice by publication shall be required, notice shall also be mailed as aforesaid to each registered owner of Bonds to be redeemed, but in such case neither failure so to mail such notice to any such registered owner or owners nor any imperfection or defect in such notice shall affect the validity of the proceedings for redemption. Each notice of redemption shall state such election on the part of the Company and shall specify, in case less than all of the Bonds of Series B are to be redeemed, the maturity or maturities of the Bonds to be redeemed, and shall also state that the interest on the Bonds in such notice designated for redemption shall cease on such redemption date and that on said date there will become due and payable upon each of said Bonds of Series B the redemption price therein specified, plus accrued interest to the date fixed for redemption, and shall also state the place where said Bonds

of Series B shall be surrendered for payment, which shall be at the principal office of the Trustee.

Any election of the Company to redeem Bonds of Series B may be rescinded by the Company at any time prior to the first publication or the mailing of the notice of redemption.

Notice having been given as aforesaid, the Bonds of Series B so to be redeemed shall on the date designated in such notice become due and payable at the redemption price so specified, plus accrued interest thereon to the date fixed for redemption; and from and after the date of redemption so designated (unless the Company shall make default in the payment of the redemption price of such Bonds, plus accrued interest thereon to the date fixed for redemption) interest on the Bonds of Series B so designated for redemption shall cease to accrue, and upon surrender, in accordance with said notice, of any Bond of Series B specified therein, together with all coupons thereto appertaining maturing on or after the date of redemption, such Bond shall be paid by the Company at the redemption price aforesaid, plus interest accrued thereon to the date fixed for redemption. In the case of a coupon Bond of Series B, the interest represented by coupons which shall have matured prior to the redemption date shall continue to be payable (but without interest thereon, unless the Company shall make default in the payment thereof upon demand) to the respective bearers of the coupons therefor, upon the presentation and surrender thereof.

The Company shall deposit in trust with the Trustee, prior to the date designated for redemption, an amount of money sufficient to pay the redemption price of all the Bonds of Series B, plus interest accrued thereon to the date fixed for redemption, which the Company has elected to redeem on such date.

SECTION 3. If and so soon as

A. The Company shall have duly elected to redeem any Bond of Series B pursuant to Section 1 of this Article III and shall have delivered to the Trustee

(1) proof satisfactory to the Trustee that notice of redemption thereof has been duly given as provided in Section 2 of this Article III, or

(2) a written instrument executed in the name of the Company by its President or a Vice-President under its corporate seal and expressed to be irrevocable, authorizing the Trustee to give such notice on behalf of the Company;

and shall have deposited with the Trustee an amount of money sufficient to pay the redemption price of such Bonds of Series B, plus accrued interest thereon to the date fixed for redemption; and

B. The Company shall have made proper provision for the payment of all interest on any such Bond of Series B payable prior to the date designated for redemption thereof;

then and in every such case the money deposited with the Trustee for the redemption of such Bond of Series B shall, without further act, be deemed forthwith to be reserved for the benefit of, and shall constitute a trust fund for, the holder of such Bond of Series B, but no interest shall accrue thereon in his favor. Thereafter, such Bond of Series B shall be excluded from participation in the lien of the Indenture or in the trust estate. Money held in trust by the Trustee for the redemption of any Bond of Series B shall not be deemed to be a part of the trust estate.

All Bonds of Series B redeemed pursuant to this Article III and the appurtenant coupons shall be cancelled by the Trustee, and shall thereafter be cremated if in coupon form or delivered to the Company if in fully registered form, upon the written order of any officer of the Company. All interest coupons maturing subsequent to the date so designated for redemption appurtenant to Bonds of Series B so redeemed shall be null and void.

ARTICLE IV.

Issue and Appropriation of Bonds.

SECTION 1. Anything in the Original Indenture or this Supplemental Indenture to the contrary notwithstanding, \$17,500,000 principal amount of Bonds of Series B may at any time or from time to time be executed by the Company and delivered to the Trustee, and shall forthwith upon such delivery be authenticated by the Trustee and delivered (without awaiting the filing or recording of this Supplemental Indenture) in accordance with the order or orders of the Company evidenced by a writing or writings signed by its President or a Vice President and its Treasurer or an Assistant Treasurer, and the Bonds so authenticated and delivered may be used by the Company for any of its lawful purposes. The Trustee shall, however, be under no obligation to see to the use or application of such Bonds of Series B or their proceeds.

Anything in Section 6 of Article II of the Original Indenture to the contrary notwithstanding, no Bonds of any series shall be authenticated and delivered under the Indenture by reason of or based upon the retirement of any of the Bonds of Series B, whether by payment at maturity, redemption or otherwise.

ARTICLE V.

Covenants.

In addition to the covenants contained in Article III of the Original Indenture, the Company covenants and agrees:

SECTION 1. That all Texoma Bonds at any time issued under the Texoma Mortgage shall forthwith upon the issuance thereof be deposited and pledged with the Trustee under the Indenture. That whenever the indebtedness due the Company by Texoma (other than

indebtedness evidenced by Texoma Bonds pledged under the Indenture) shall exceed \$1,000,000, the Company will cause so much of said indebtedness as is in excess of \$1,000,000 to be evidenced by additional Texoma Bonds which will forthwith be pledged under the Indenture; provided, however, that if Texoma is unable, under the provisions of the Texoma Mortgage, to procure the authentication and delivery of Texoma Bonds in an amount sufficient to evidence such excess of indebtedness, the Company will cause so much of such excess as is not evidenced by Texoma Bonds to be evidenced by notes of Texoma which will thereupon be pledged under the Indenture. That whenever in the Indenture reference is made to Texoma Bonds pledged or required to be pledged under the Indenture, it shall be deemed to include (unless the context clearly indicates otherwise) notes of Texoma pledged or required to be pledged under the Indenture.

SECTION 2. That so long as any Bonds of Series B are outstanding, the Company will so conduct its operations under the agreement between Texoma and the Company dated October 15, 1931 that the Company will continue to purchase gas from Texoma under said agreement to and including November 1, 1948.

SECTION 3. That so long as any Bonds of Series B are outstanding, the Company, as pledgor of the Texoma Bonds, will not consent or agree to any amendment, change or modification in the Texoma Bonds or the Texoma Mortgage, nor will it request the trustee under the Texoma Mortgage or the Trustee under this Indenture to consent or agree to any such amendment, change or modification, without the consent of the holders of all of the Bonds of Series B then outstanding; provided, however, that the covenant contained in this Section 3 shall not apply to the execution and delivery (concurrently with the execution and delivery hereof) of an indenture (supplemental to the Texoma Mortgage), dated as of November 1, 1941, between Texoma and the trustee under the Texoma Mortgage and the amendment of the Texoma

Bonds reflected therein; and the Company and the Trustee may consent to the execution and delivery of said supplemental indenture.

SECTION 4. That if the Company shall purchase any Bonds of Series A otherwise than through redemption provided for in Article IV of the Original Indenture (as said Article IV is amended hereby) it will make such purchases at a price not less than the principal amount thereof, plus accrued interest to the date of purchase and pro rata from the holders of outstanding Bonds of Series A known to the Company, if all of such holders are willing and agree to sell their Bonds to the Company at the price and on the terms offered by the Company; and if some of the holders are unwilling or do not agree to sell their Bonds to the Company at such price and on such terms, then the Company covenants and agrees to make such purchases pro rata from the remaining holders.

ARTICLE VI.

Certain Amendments to the Indenture.

SECTION 1. The Granting Clauses of the Original Indenture, in so far as they state that the grant to the Trustee is for the "equal and proportionate benefit and security" of the holders of the Bonds and coupons issued or to be issued under the Indenture "without preference, priority or distinction of any one Bond over any other Bond by reason of the priority in the issue, sale or negotiation thereof, or otherwise", are hereby amended to give effect to the preference and priority of the Bonds of Series B, in certain circumstances, that is to say:

(a) If an Event of Default as defined in Article VIII of the Original Indenture (as herein amended) shall occur and be continuing while any Bonds of Series B are outstanding, in such event the Bonds of Series B shall have preference and priority in respect of the trust estate and any and all proceeds, realization or other benefits derived or to be derived therefrom over all

Bonds of other Series authenticated and delivered under the Indenture, and then or thereafter outstanding, and in such event the rights of the holders of such other Bonds in and to the trust estate and any such proceeds, realization or other benefits shall be junior and subordinate to the rights of the holders of the Bonds of Series B, and any proceeds or realization derived from the trust estate, whether through the exercise of any of the rights under, the foreclosure of the lien of, or the enforcement of any other remedies provided by or in, said Indenture or otherwise, shall first be applied to the payment of the principal of and interest (and premium, if any) on the Bonds of Series B, and no part thereof shall be applied to the payment of the principal of or interest (or premium, if any) on any Bonds of other Series authenticated and delivered under the Indenture until all the Bonds of Series B have been paid in full, principal and interest (and premium, if any); and

(b) In any event the Bonds of Series B are to have, in certain other respects set forth in this Article VI, rights which, while any Bonds of Series B are outstanding, are not available to the Bonds of other series.

All recitals, covenants and provisions of the Original Indenture and any indenture supplemental thereto which are inconsistent or in conflict with the intent and purpose of this Section are hereby modified accordingly.

SECTION 2. Section 1 of Article I of the Original Indenture is hereby amended to read as follows:

SECTION 1. The aggregate amount of Bonds which may be executed by the Company and which may be authenticated by the Trustee (exclusive of Bonds authenticated and delivered pursuant to denominational or other exchanges or transfers and Bonds authenticated and delivered pursuant to Section 10 of this Article I) is limited to and shall not exceed \$100,000,000.

The second sentence of Section 3 of Article I of the Original Indenture is modified accordingly.

SECTION 3. Any of the provisions of Section 2, or of clause (c) of the first proviso of Section 6, of Article I or of the first proviso of subdivision (b) of Section 1, or paragraph B of Section 7, of Article II or any other provision of the Original Indenture which states, directly or by implication, that all Bonds of the same series shall mature on the same date, are hereby amended, and it is hereby expressly provided that Bonds of the same series may mature serially upon specified successive maturity dates, if so determined by the Board of Directors of the Company at the time any series is created and set forth in the supplemental indenture or indentures providing for the issuance thereof.

SECTION 4. The provision of Section 3 of Article I of the Original Indenture which states that Bonds of Series A shall be due December 15, 1946 is hereby amended so that it shall state that Bonds of Series A shall be due December 15, 1954.

SECTION 5. The provision of the second proviso of Section 6 of Article I of the Original Indenture, which states that so long as any Bonds of Series A are outstanding, no Bonds of any other series shall have a maturity within one year prior to December 15, 1946, is hereby revoked.

So long as any Bonds of Series B are outstanding, no Bonds of any other series shall have a maturity (serial or otherwise) prior to November 1, 1949, nor shall any Bonds of any other series be entitled to the benefits of any sinking fund or other similar fund for the redemption or other retirement of the Bonds of such other series prior to their respective maturities which will be operative prior to November 1, 1949.

So long as any Bonds of Series A are outstanding, unless the consent of the holders of the Bonds of Series A be first obtained, no Bonds of any series other than Bonds of Series B shall have a maturity (serial or otherwise) prior to December 15, 1955, nor shall Bonds of any other series be entitled to the benefits of any sinking fund or other similar

fund for the redemption or retirement of Bonds of such other series prior to their respective maturities which will be operative prior to December 15, 1955.

The provisions of the first and second provisos of Section 6 of Article I of the Original Indenture are hereby amended in so far as they may be inconsistent or in conflict with the preference and priority of the Bonds of Series B as set forth in this Article VI.

The provisions of Section 6 of Article I of the Original Indenture shall be deemed amended to provide that no Bonds of any series (other than Bonds of Series A or Bonds of Series B) shall be authenticated and delivered under the Indenture unless the Bonds of such new series shall state that they are issued subject to the terms and provisions of this Supplemental Indenture, and in particular so long as any Bonds of Series B are outstanding, shall contain appropriate reference to the fact that the Bonds of Series B shall, to the extent provided in this Supplemental Indenture, have preference and priority over all Bonds of other series authenticated and delivered under the Indenture.

SECTION 6. The provisions of Section 2 of Article III of the Original Indenture which state that the Company "will duly and punctually pay the principal and interest of every Bond issued hereunder at the dates * * * mentioned in the Bonds or in the coupons thereto appertaining" is hereby amended, in so far as the Bonds of Series A are concerned, to give effect to the extension of the maturity of the principal of such Bonds of Series A from December 15, 1946 to December 15, 1954.

SECTION 7. The permission granted the Company by the provisions of subdivisions (1), (2) and (3) of the second proviso of Section 7 of Article III of the Original Indenture to create purchase money mortgages or liens on after-acquired property, to acquire property subject to a mortgage or lien and to renew or replace such mortgages or liens, which said mortgages or liens may be prior to the lien of the Indenture, is hereby limited to the following extent:

(a) that the aggregate principal amount of the debt secured by all such mortgages or liens shall never at any one time exceed \$2,000,000;

(b) that the principal amount of the debt secured by any such mortgage or lien shall not exceed 75% of the cost or fair value (whichever is less) of the property covered by such mortgage or lien; and

(c) that each such mortgage or lien shall be limited to the property it covered at the time such property was acquired by the Company;

and the Company covenants and agrees that it will not take any action in violation of the limitations set forth in this Section.

SECTION 8. The provisions of Section 11 of Article III of the Original Indenture, which state that the Trustee shall take certain action "if requested in writing by the holders of at least 10% in principal amount of the Bonds then outstanding of Series A" is hereby amended to provide that, so long as any Bonds of Series B are outstanding, such action shall be taken "if requested in writing by the holders of at least 10% in principal amount of the Bonds of Series A, or at least 10% in principal amount of the Bonds of Series B, then outstanding".

The provisions of paragraph (b) of Section 13 of Article III of the Original Indenture, which state that the Trustee shall retain certain papers in its files "for the inspection of the holders of not less than 10% of Bonds outstanding hereunder" is hereby amended to provide that, so long as any Bonds of Series B are outstanding, the Trustee shall retain such papers in its files "for the inspection of the holders of not less than 10% of the Bonds, or 10% of the Bonds of Series B, outstanding hereunder".

The provisions of the second paragraph of Section 14 of Article III of the Original Indenture, which relieve the Trustee of liability for not requiring the recording, filing, re-recording or re-filing of the Original Indenture or any supplement unless "requested by the holders of over

ten per centum in principal amount of all Bonds then outstanding hereunder", is hereby amended to provide that, so long as any Bonds of Series B are outstanding hereunder, the Trustee shall be so relieved unless "requested by the holders of over ten per centum in principal amount of all Bonds, or ten per centum in principal amount of the Bonds of Series B, then outstanding hereunder".

SECTION 9. The provisions of the first paragraph of Section 14 of Article III of the Original Indenture are hereby amended to read as follows:

The Company will record, file, re-record, and refile this Indenture and every indenture supplemental hereto and instrument of conveyance which hereafter may be executed and all such documents as may be required by law in order to maintain this Indenture at all times as a mortgage of both real estate and personal property, all in such manner, at such times and from time to time, and in such places as may be required by law in order fully to preserve and protect the security of the Bondholders and the rights of the Trustee. So far as permitted by law, the Company will pay any mortgage recording tax due on any recording or filing hereof or of any such supplemental indenture or instrument of conveyance and any further mortgage recording tax due at any time hereafter upon the issuance of additional Bonds hereunder and will comply with the requirements of any and every mortgage recording tax law or similar law affecting the due recording or maintaining of this Indenture, and, so far as permitted by law, will do whatever else may be necessary or be reasonably required by the Trustee in order to perfect and continue the lien of this Indenture upon the property mortgaged, pledged or assigned hereunder or intended so to be.

SECTION 10. The provisions of Section 19 of Article III of the Original Indenture, which relate to the modification of the contract between the Company and Texoma dated as of October 15, 1931, are hereby amended to provide that such contract shall not be modified in any respect without first obtaining the consent of the Trustee thereto,

except that such contract may be modified, without first obtaining the consent of the Trustee thereto, by substituting in the provisions of said contract, as a measure of the cost of gas, (a) the provision made by Texoma for depletion and depreciation, and/or for unproductive abandoned leases, and/or its dry well drilling cost, in lieu of (b) the payments on account of the principal of the Texoma Bonds retired through the sinking fund provided for in the Texoma Mortgage provided, however, that the contract as so amended will provide that the aggregate of (a) above shall, for the purpose of computing the cost of gas under the contract, be not less than \$750,000 semi-annually.

SECTION 11. The provisions of clause (c) of Section 20 of Article III of the Original Indenture are hereby amended to read as follows:

(c) all indebtedness (other than indebtedness represented by open accounts) now or hereafter owed to the Company by any Subsidiary Company

There shall be added to the first paragraph of said Section 20 of Article III of the Original Indenture the following proviso:

Provided, however, that if at any time the then existing open account indebtedness owing by all Subsidiary Companies to the Company or to any Subsidiary Company (other than to any Subsidiary Company in which the Company has less than 95% interest) shall exceed \$2,000,000 in aggregate principal amount, the Company will cause an amount of such open account indebtedness equal to such excess to be evidenced by notes or bonds of one or more debtor Subsidiary Companies and will cause such notes or bonds to be pledged under the Indenture.

SECTION 12. The provisions of Section 22 of Article III of the Original Indenture are hereby deleted.

SECTION 13. The provisions of Article V of the Original Indenture are hereby deleted, and accordingly no payment shall be due on December 15, 1941 or thereafter to the Sinking Fund provided for in said Article V of the Original Indenture.

Neither the deletion of the provisions of Article V from the Original Indenture nor any of the provisions contained in Section 5 of this Article VI shall be construed to limit or restrict the right of the Company, at its option, to utilize any funds in its corporate treasury available for the purpose for the retirement through redemption or otherwise of Bonds of Series A prior to the maturity date thereof as extended hereby, which right is hereby expressly reserved to the Company.

The fourth sentence of Section 2 of Article IV of the Original Indenture is hereby amended to read as follows:

In case less than all the Bonds of Series A should be thus redeemed, the Company shall select Bonds of Series A which are to be redeemed pro rata among or from the holders of outstanding Bonds of Series A known to the Company (disregarding in the making of such pro rata selection any fraction of \$1,000 of said Bonds of Series A), and not less than 35 days before such redemption date, the Company shall give notice to the Trustee to that effect, specifying the numbers of the Bonds which the Company has so selected to be redeemed, and in such case the notice to be published as in this Section provided shall also state the numbers of the Bonds so to be redeemed.

SECTION 14. The forms of the Bonds of Series A set forth in the Original Indenture shall be deemed amended to reflect:

(a) The extension of the maturity of the principal of such Bonds of Series A from December 15, 1946 to December 15, 1954;

(b) The elimination from the Indenture of the Sinking Fund heretofore applicable to the Bonds of Series A;

(c) The preference and priority of the Bonds of Series B over all Bonds of other series authenticated and delivered under the Indenture to the extent provided in this Supplemental Indenture; and

(d) The further modification of the Original Indenture.

All Bonds of Series A heretofore authenticated and not retired prior to or simultaneously with the execution and delivery hereof by the

Trustee, shall be stamped or imprinted with a legend substantially as follows:

The date for the payment of the principal of this Bond has been extended to December 15, 1954. This Bond is subject to the provisions of a certain Supplemental Indenture, dated as of November 1, 1941, between Natural Gas Pipeline Company of America and the Trustee under the original Indenture mentioned in this Bond, by the terms of which Supplemental Indenture (a) the sinking fund for the Bonds of Series A has been eliminated, (b) provision has been made for the issue of \$17,500,000 principal amount of Bonds of Series B without full compliance with the provisions of said original Indenture restricting the authentication and delivery of Bonds, (c) provision has been made that if an Event of Default shall occur, the Bonds of Series B shall thereupon have preference and priority over all Bonds of any other series, and in any event the Bonds of Series B have, in certain other respects, rights which, while any Bonds of Series B are outstanding, are not available to Bonds of other series, all as provided in said Supplemental Indenture, and (d) other changes and modifications of said original Indenture have been made, all as more fully set forth in said Supplemental Indenture, to which reference is hereby made, and to all of which the holder hereof consents on behalf of himself and his legal representatives and assigns.

All coupons appertaining to all Bonds of Series A heretofore authenticated and not retired prior to or simultaneously with the execution and delivery hereof by the Trustee, shall be stamped or imprinted with a legend substantially as follows:

Subject to Supplemental Indenture of November 1, 1941.

So long as any Bonds of Series B are outstanding, no Bonds of Series A shall be authenticated and delivered under the Indenture unless such Bonds of Series A and the coupons, if any, thereto appertaining are stamped or imprinted with legends substantially in the forms hereinabove in this Section set forth. After the retirement of all Bonds of Series B, no Bonds of Series A shall be authenticated and

delivered under the Indenture unless the Bonds of Series A and the coupons, if any, thereto appertaining are stamped or imprinted with an appropriate legend referring to the terms and provisions of this Supplemental Indenture.

The Company covenants and agrees with the Trustee, for the benefit of the Trustee and the several holders for the time being of the Bonds and coupons at any time issued and outstanding under the Indenture, that the Company will, on December 15, 1954, pay the principal of each and all of the Bonds of Series A now outstanding or which may hereafter be issued under the Indenture, in the manner mentioned in said bonds of Series A and according to the true intent and meaning thereof and hereof, and will pay interest on said principal sum at the rate of 6% per annum semi-annually on the 15th day of June and the 15th day of December in each year until the payment of said principal sum, but only, in the case of coupon Bonds, upon presentation and surrender of the coupons attached to said Bonds as they severally mature. The form of any coupon which shall hereafter be prepared and attached to the Bonds of Series A shall be modified to reflect the extension of the maturity of such bonds. Promptly after December 15, 1946, the Company shall, at the written request of the holder of any coupon Bond of Series A and without charge to such holder, attach to such Bond additional coupons prepared as aforesaid for interest on such Bond from December 15, 1946 to December 15, 1954. Any Bonds of Series A in coupon form authenticated and delivered after December 15, 1946 shall have attached thereto coupons, similarly prepared, for interest to December 15, 1954.

SECTION 15. The provisions of clause (1) of Section 1 of Article VI of the Original Indenture are hereby amended to read as follows:

(1) the Company and its Subsidiary Companies shall be suffered and permitted to possess, manage, develop, operate and enjoy the property covered by this Indenture (other than shares of stock, securities, obligations and cash required to be deposited with the Trustee, as to which the Company shall only have the right of enjoyment granted herein) and to take and use any

incomes, rents, issues and profits thereof in the same manner, to the same extent and with the same effect, except as provided herein, as if this Indenture had not been made.

Nothing herein or in the Original Indenture contained shall be construed to limit or restrict the right of the Company to sell, dispose of, or deal in or with any Excepted Property.

The provisions of clause (2) of paragraph II of Section 2 of Article VI of the Original Indenture are hereby amended (such amendment to be effective only so long as any Bonds of Series B are outstanding) by adding thereto a proviso reading as follows:

provided, however, that property shall not be released for a consideration consisting of purchase money obligations if any such obligation shall exceed 50% of the value of the property covered by the purchase money mortgage securing such obligation, nor if thereby the aggregate principal amount of all such obligations then held by the Trustee (including the obligations then proposed to be delivered to the Trustee), would exceed \$1,500,000 principal amount.

The provisions of the proviso in clause (3) of paragraph II of Section 2 of Article VI of the Original Indenture are hereby amended (such amendment to be effective only so long as any Bonds of Series B are outstanding) to read as follows:

provided, however, that no physical property (including rights-of-way and easements but excluding gas acreage) owned by the Company shall be released in exchange except in exchange for property of the nature described in Subdivision 2 of Section 4 of Article II of this Indenture which upon acquisition by the Company shall constitute an integral part of the Company's pipeline system, and no gas acreage shall be released in exchange except in exchange for property of such nature or for property or additions of the nature described in Subdivision 1 of Section 4 of Article II of this Indenture.

Upon full payment of the Bonds of Series B, principal and interest (and premium, if any), the provisions of said clause (2) and clause (3)

of paragraph II of Section 2 of Article VI of the Original Indenture as they existed prior to the execution and delivery hereof shall be restored.

SECTION 16. The provisions of Section 7 of Article VI of the Original Indenture are hereby amended as follows:

(1) Paragraph (a) is amended by adding to the first sentence the following proviso:

; provided that the consideration, if any, received by the Company or any Subsidiary, for any such assignment or transfer shall, in the opinion of the Company, be at least equal to the value of any leases or interests therein so assigned or transferred by the Company or any Subsidiary, and, if received by the Company, shall forthwith be and become subject to the direct lien of the Indenture free from all other liens and encumbrances prior to the lien of this Indenture, except Permitted Encumbrances.

(2) Paragraph (b) is hereby deleted.

(3) Paragraph (d) is amended by adding to the first sentence the following proviso:

other than any property which is expressly excepted from the lien of this Indenture by the terms hereof or of any indenture supplemental hereto.

The provisions of Section 2 of Article XIV of the Original Indenture, which permit a successor corporation to have authenticated and issued Bonds under the Indenture and provide that "All the Bonds so issued shall in all respects have the same legal rank and security as the Bonds theretofore or thereafter issued in accordance with the terms of this Indenture as though all of said Bonds had been issued at the date of the execution hereof" are subject to the provisions of Section 1 of this Article.

The provisions of Article XIV of the Original Indenture are hereby amended to provide that so long as any Bonds of Series B are outstanding, no consolidation, merger, conveyance, transfer or lease therein permitted shall be effected (other than a merger or consolidation of Texoma or a Subsidiary Company with or into the Company or any conveyance, transfer or lease by Texoma or a Subsidiary Company to the Company) without the written consent of the holders of 75% in principal amount of the Bonds of Series B outstanding, unless such consolidation, merger, conveyance, transfer or lease shall be effected in such manner that this Indenture shall cover as a first lien substantially all of the property (other than Excepted Property) owned by the successor corporation.

SECTION 39. The provisions of the second sentence of paragraph (c) of Section 1 of Article XV of the Original Indenture providing for a request to the Trustee signed by the holders of twenty-five per centum in principal amount of the Bonds then outstanding, are hereby amended to provide that such request be signed by the holders of not less than twenty-five per centum in principal amount of the Bonds of Series B then outstanding.

The provisions of paragraph (f) of Section 1 of Article XV of the Original Indenture providing for a written notice from the holders of

not less than five per centum in principal amount of the Bonds at the time outstanding, are hereby amended to provide that such written notice may be from the holders of not less than five per centum in principal amount of either all Bonds at the time outstanding or the Bonds of Series B at the time outstanding.

Upon full payment of the Bonds of Series B, principal and interest (and premium, if any), said provisions of paragraph (c) and paragraph (f) of Section 1 of Article XV of the Original Indenture as they existed prior to the execution and delivery hereof shall be restored.

SECTION 40. The provisions of the last paragraph of Section 2 of Article XV of the Original Indenture are hereby amended to provide that, so long as any Bonds of Series B are outstanding, the power to remove the Trustee in the manner provided in said paragraph shall be lodged solely with the Bonds of Series B then outstanding, and action in that regard shall be taken by the holders of 75% in principal amount of such Bonds of Series B then outstanding.

Upon full payment of the Bonds of Series B, principal and interest (and premium, if any), the provisions of said paragraph of Section 2 of Article XV of the Original Indenture as they existed prior to the execution and delivery hereof shall be restored.

SECTION 41. The provisions of Section 3 of Article XV of the Original Indenture are hereby amended to provide (such amendment to be effective only so long as Bonds of Series B are outstanding) that

until any Event of Default shall occur and be continuing, a successor Trustee may be appointed only by the holders of a majority in principal amount of all the Bonds, including a majority in principal amount of the Bonds of Series B, then outstanding, and

if an Event of Default shall occur and be continuing, a successor Trustee may be appointed only by the holders of a majority in principal amount of the Bonds of Series B then outstanding.

Upon full payment of the Bonds of Series B, principal and interest (and premium, if any), the provisions of Section 3 of Article XV of the Original Indenture as they existed prior to the execution and delivery hereof shall be restored.

SECTION 42. The provisions of the fourth paragraph of Article XVI of the Original Indenture are hereby amended by adding a proviso to the effect that, so long as any Bonds of Series B are outstanding, for the purpose of computing the percentage of Bonds then outstanding or Bonds of Series B then outstanding in respect of which any demand, request, consent, waiver or notice provided for in the Indenture may be given or action may be taken, no Bonds of Series B owned directly or indirectly by the Company or by any stockholder of the Company or by any person directly or indirectly controlling or controlled by, or under direct or indirect common control with, the Company or any stockholder of the Company, or Bonds of any series owned by the Company (except, in either case, Bonds pledged if the pledgee is neither the Company nor such stockholder nor such person and is entitled and free to exercise the rights in respect of such Bonds in his discretion) shall be deemed to be outstanding, provided that for the purposes of determining whether the Trustee shall be protected in relying on any such demand, request, consent, waiver, notice or action, only Bonds which the Trustee knows are so owned shall be deemed not to be outstanding.

Wherever in the Original Indenture the terms "Farm Mortgages" or "Other Liens" are used, they shall be construed to mean Permitted Encumbrances as such term is defined in Article I hereof, and the definitions of Farm Mortgages and Other Liens contained in the last two paragraphs of Article XVI of the Original Indenture are amended and amplified to embrace everything included in the term Permitted Encumbrances.

SECTION 43. Whenever in this Supplemental Indenture reference is made to any Article of the Original Indenture or any part of any

such Article, and any such Article or any such part has been amended hereby, such reference shall (unless the context clearly indicates otherwise) be deemed to be a reference to such Article or such part thereof as the same has been amended hereby. All covenants and provisions of the Original Indenture, except as modified by this Supplemental Indenture, shall continue in full force and effect, with such omissions, variations and insertions as may be appropriate to make the same conform to this Supplemental Indenture.

SECTION 44. Such of the provisions of Sections 6 and 14 of Article I, Sections 2, 4, 5, 6, 8 and 11 of Article II, Section 7 of Article III, Section 5 of Article IV, Sections 1 and 2 of Article VI, Section 1 of Article VII, Sections 1 and 17 of Article VIII and Article XVI, of the Original Indenture, as are expressly stated to be effective so long as any Bonds of Series A are outstanding, shall also be effective so long as any Bonds of Series B are outstanding.

SECTION 45. Upon the retirement of all the Bonds of Series A and all the Bonds of Series B, thereafter Bonds shall be authenticated and delivered only upon receipt by the Trustee of the documents specified in Paragraphs B and C of Section 7 of Article II of the Original Indenture, and the receipt of such other certificates, resolutions or statements as may be required by the terms of any indenture hereafter authorized supplemental to the Original Indenture.

Upon the retirement of all of the Bonds of Series A and all the Bonds of Series B, any of the moneys received by the Trustee as in Section 1 of Article VII of the Original Indenture described may be paid to or upon the order of the Company upon the receipt by the Trustee of such other certificates, resolutions or statements as may be required by the terms of any indenture hereafter authorized supplemental to the Original Indenture.

ARTICLE VII.**Miscellaneous.**

SECTION 1. The Trustee shall not be responsible in any manner whatsoever for the recitals herein or in the Bonds or the appurtenant coupon contained (save only the Trustee's responsibility for its authentication on the Bonds) or in the legend stamped or to be stamped on the Bonds of Series A, all of which are made by the Company solely, nor shall the Trustee be responsible for any action or thing by it done by reason of any such representation. The Trustee shall not be responsible for, or in respect of, the validity or sufficiency of this Supplemental Indenture, or the execution hereof by the Company, or for the validity of the Bonds and coupons issued under the Indenture or for the sufficiency of the security or for the genuineness, validity or value of the trust estate. In general, each and every term and condition contained in Article XV of the Original Indenture, as amended hereby, shall apply to and form part of this Supplemental Indenture with the same force and effect as if the same were herein set forth in full, with such omissions, variations and insertions as may be appropriate to make the same conform to this Supplemental Indenture.

SECTION 2. The amount of obligations presently to be issued hereunder is \$17,500,000 principal amount of First Mortgage Pipeline and Collateral 3% Bonds, Series B, which Bonds are in addition to the \$40,000,000 amount of Bonds of Series A heretofore issued under the Indenture and not retired at or prior to the date hereof (exclusive of \$3,500,000 principal amount of authenticated but unissued Bonds of Series A); and the actual consideration received by the Company upon the execution and delivery of this Supplemental Indenture is a loan to the Company in the sum of \$17,500,000, as security for which said Bonds of Series B are being pledged as collateral.
