

Deed Record, No. 82, Madison County, Iowa

Nellie Ham & husb.	# 351	Filed for record the 23 day of January
To		A. D. 1947 at 11:19 A. M.
Natural Gas Pipeline	Fee \$ 1.00	
Company of America		Wilma M. Wade, Recorder

RIGHT OF WAY AGREEMENT

I-554

For and in consideration of the sum of Forty Dollars (\$40.00) to us in hand paid, receipt of which is hereby acknowledged, we Nellie Ham and Fred Ham wife and husband do hereby grant, convey and warrant unto Natural Gas Pipeline Company of America whose name was formerly Continental Construction Corporation, its successors or assigns, a Right of Way to construct, reconstruct, renew, operate, maintain, inspect, alter, repair and remove a pipeline for the transportation of gas, (or any of its products), and such drips, valves, fittings, meters and other equipment and appurtenances as may be necessary or convenient for such operations, over and through the following described real estate in Madison County, State of Iowa, to-wit:

East Half (E $\frac{1}{2}$) of the Southeast Quarter (SE $\frac{1}{4}$) of
 Section Twenty-four (24), Township Seventy-four (74)
 North, Range Twenty-nine (29) West of the 5th P.M.,
 Madison County, Iowa.

Grantee shall have and use for the purposes herein set forth a strip of ground three (3) rods in width through said lands and shall, after the construction of its pipeline as

Deed Record, No. 82, Madison County, Iowa

Acres-Blackmar Co. Burlington. 38000

herein contemplated, file in the office of the County Recorder of Madison County, Iowa, a plat showing approximately the line of route of said pipeline through said county, and through the lands described herein. Said pipeline shall be deemed to be in the center of the three (3) rod strip through said lands.

Grantee shall replace in a good and workable condition all the drain tile cut in the construction of its line hereunder.

Grantee shall not construct its line nearer to any of the buildings on said premises than two hundred (200) feet and shall not interfere with the use of said premises by grantors for stock raising or farming purposes, except in the exercise of the work permitted hereunder.

It is understood that this grant is made for the purpose of granting additional width for the laying of the additional pipeline provided for in the right of way contract dated September 19, 1930, and entered into between F. C. Davis and Continental Construction Corporation, which right of way contract was duly filed for record in the office of the County Recorder of Madison County, Iowa, on the 22nd day of October, A. D. 1930, and duly recorded in said office in miscellaneous record, Book No. 21, Page 360 thereof. It is further understood that the three (3) rods granted herein shall be immediately North of and parallel to the present pipeline owned by the Grantee herein over and across said premises.

It is understood that this grant is in lieu of and supersedes all right of the Grantee herein as to an additional pipeline under the right of way contract with F. C. Davis above mentioned. The Grantee herein by acceptance of this grant hereby relinquishes and waives any and all claims as to any right to construct or maintain any additional pipeline across the premises herein described, except the pipeline now located on said premises and the pipeline to be constructed under and by virtue of this grant.

Grantee shall have the right of ingress and egress at either end of said strip for all purposes herein contemplated; together with all rights necessary for the convenient enjoyment of the privileges herein granted. To have and to hold the same unto said Grantee, its successors and assigns, for a period of five (5) years and so long thereafter as any structure installed hereunder is used or remains thereon. It is understood that if the pipeline is not constructed within a period of five (5) years from date of this contract, Grantee's rights shall cease and terminate.

Grantee shall also pay reasonable damages to soil, growing crops, fences or improvements occasioned in laying, repairing or removing said line, drips and valves. It is understood that the minimum damages at the time of construction of said pipeline shall be not less than Three Dollars (\$3.00) per rod. If the amount of damages be not agreed upon, it shall be determined by three (3) disinterested persons, one appointed by the Grantors, one by the Grantee, and the third by the two so appointed, and their written determination or the determination of a majority of them, as to amount shall be final and conclusive. Grantee shall bury pipeline below plow depth.

It is understood that the person securing this grant is without authority from Grantee to make any agreement in respect of the subject matter hereof not herein expressed.

The Grantors represent that the above described land is not rented.

Executed this 28th day of December, A.D. 1946.

Nellie Ham
Fred Ham
Grantors.

STATE OF IOWA, MADISON COUNTY) ss
